PAGE

## Model KYC020

### Car Ceiling Decoration

The central part is the warm colour light transmitted board, with wood made technology board and light transmitted board around.

### Side Wall and Back Wall

**Center wall:** wooden, leather, mirror finish  
**Auxiliary wall:** Titanium hairline finish, titanium mirror surface

### Handrails

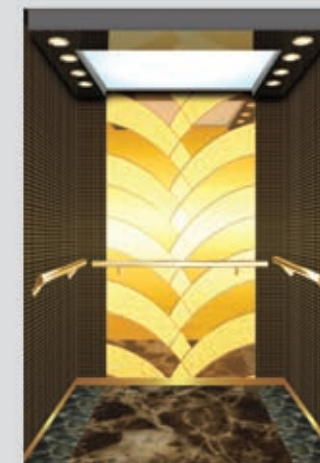

The central part is wood pattern, and the both poles are titanium hairline.

### Car floor Decoration

PVC Floor

Presented in front of us is the huge leave, which seemed that we enter a magical cartoon world. If exchanged to be a beetle, exposure to this must be very comfortable.

Inspiration originated from lucky grass and plant patterns. Under the way of traditional symmetry lay out and rising by layer, inset the relief patterns with mirror finish bottom. That hides ongoing meaning, and create the stretch and peaceful feeling.

## Model KY-E-2010-12(main color Original)

### Car Ceiling Decoration

Mirror finish stainless steel frame, the central part is shadow vault with organic glass.

### Car Wall Decoration

Embossed, Diamond mirror, Rose gold, Cross hair pattern

### Handrails

The central part is wood material, while the both poles are organic glass material.

### Car floor Decoration

PVC Floor

## Model KY-E-2010-1
